

## Your Top MLB Superstars

**Activity:** Your Top MLB Superstars

**Category:** Research Project

**Series:** Today's Superstars (Today's 12 Hottest MLB Superstars)

### Supplies

Paper; pencil

### Prep

Read *Today's 12 Hottest MLB Superstars* or assign it to your class/group to read it on their own. Next have the students research the subject on the book's web page using the 12-Story Library Editor Picks and Web Resources sections.

### Directions

Have students come up with their own list of the five hottest baseball stars, making sure to include supporting evidence to support why they picked each person. What are some of the player's achievements? What makes the player popular with young people? Can this person be considered a role model? If the player was not in the book, explain why the new player is more deserving of being on the list.

### Evaluation

Was the student able to effectively use multiple resources to evaluate players? Did the student use the information collected to support her or her conclusions and demonstrate an understanding of the subject? RI 4.9, 5.7, 5.9

### Purpose

To build the students' research skills and teach them to use multiple sources to learn about a subject.
